

IMPORTANT ANSI/ISEA 107-2015 UPDATES YOU SHOULD KNOW ABOUT

ANSI 107-2010 and 207-2011 are now consolidated unto ANSI 107-2015

- New target worker groups have been defined. "Type O" covers worker who typically required enhanced visibility garments. Public safety workers who were once covered by ANSI 207 are now included under type "P".
- A revision on minimum area requirements of background and retroreflective materials allows for smaller sized garments offered in Type R, Performance Classes 2 and 3.

ANSI/ISEA 107-2015 COMPLIANT SAFETY GARMENTS ARE CLASSIFIED AS FOLLOWS:

				
TYPE O, CLASS 1 GARMENTS	TYPE R, CLASS 2 GARMENTS	TYPE R, CLASS 3 GARMENTS	TYPE P, CLASS 2 & 3 GARMENTS	SUPPLEMENTAL CLASS E GARMENTS
<p>Intended for use in environments where there are struck-by hazards from moving vehicles, equipment, & machinery <u>not</u> operating on public access rights of way or temporary traffic control zones.</p> <ul style="list-style-type: none"> • Parking/Service location workers • Warehousing • Oil & Gas extraction workers • Refinery workers • Mining 	<p>Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of high-visibility materials which help distinguish between a human and an inanimate object.</p> <ul style="list-style-type: none"> • Forestry operations • Ship cargo loading operations • Roadway construction • Utility and railway workers • School crossing guards • Delivery vehicle drivers • High-volume parking and toll gate personnel • Airport ground crews • Trash collection and recycling operations 	<p>Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.</p> <ul style="list-style-type: none"> • Roadway construction personnel and flaggers • Utility workers • Survey crews 	<p>Intended for emergency responders and law enforcement personnel in environments with struck-by hazards from traffic operating on public access rights of way or temporary traffic control zones.</p> <ul style="list-style-type: none"> • Police Officers • Sheriff • Fire responders • EMS 	<p>Pants, bib overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or 3 apparel, the overall classification of the ensemble is Performance Class 3.</p>
